YOUR FUTURE IS WELL WITHIN YOUR REACH

As an occupational therapist, you will understand human beings to be complex, culturally diverse beings who are pursuing meaning and life satisfaction through engagement in purposeful everyday life activities. You provide support in life-giving independence by applying evidence-based practices to help people build skills for everyday living.

Explore boundless opportunities for clinical work in:

- Hospitals
- Day care facilities
- Nursing homes
- Schools and universities
- Community centers
- Private practice or residences

ACCREDITATION

Elmhurst University's master's degree program in entry-level occupational therapy is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA) located at 7501 Wisconsin Ave, Suite 510E, Bethesda, MD 20814. ACOTE's telephone number c/o AOTA is (301) 652-AOTA and its web address is acoteonline.org. Graduates of the

program will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR).

In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

NBCOT Certification Upon program accreditation and successful curriculum completion the graduates of the program will be eligible to sit for the NBCOT examination to become a practicing occupational therapist. The examination is administered by the National Board for Certification in Occupational Therapy (NBCOT), located at One Bank Street Gaithersburg MD, 20878, NBCOT's phone number is (301) 990- 7979, web address is nbcot.org.

NBCOT Eligibility A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure. For students with a concern in this area, NBCOT can be contacted directly for information related to the Early Determination and Character Review process for approval to take the NBCOT certification examination.
